CYBERSECURITY

PROBLEM TO SOLVE:

In today's digital age, businesses face an ever-growing threat from cyberattacks. These attacks can lead to data breaches, financial losses, and damage to your company's reputation. Impact Washington leads companies in understanding cybersecurity best practices. We tailor customized solutions that are right-sized for your organization.

Benefits

- ✓ Enhance protection
- ✓ Ensure business operations without disruption
- ✓ Gain customer trust
- ✓ Achieve regulatory compliance
- ✓ Avoid high costs due to cyberattacks

SOLUTIONS:

● National Institute of Standards and Technology (NIST 800-171)

↳ General requirements applicable to all companies

● Cybersecurity Maturity Model Certification (CMMC)

↳ Prepare for and attain certification

● Defense Federal Acquisition Regulations (DFARS)

↳ Cybersecurity requirements for defense, space, and other governmental industries

● ISO 27001

↳ Guidance for establishing, implementing, maintaining, and improving an information security management system
