

INTRODUCING IMPACT WASHINGTON'S SUPPLIER SCOUTING & MATCHING SERVICES

What We Can Do for Your Organization!

The manufacturing process for any product relies on access to essential materials. However, sourcing rare resources or navigating complex supply chains can be challenging. At Impact Washington, we understand these difficulties, especially when striving for American-made standards or reducing the impact of international shipping.

Our Supplier Scouting Services are here to help your organization overcome these obstacles. We specialize in connecting you with the right suppliers who can cater to your unique needs. Our services are provided FREE of charge!!

Need Suppliers?

Complete the Supplier Scouting Assistance Discovery [intake form](#)

Your inquiry will be forwarded to Impact Washington's Supply Chain Program Manager who will match your information to potential suppliers Statewide and within the National MEP Network™.

Looking for New Manufacturing Opportunities?

Maximize your visibility and growth potential by joining the [Made in WA - Washington Manufacturing Directory](#).

As a member, you gain access to an extensive network of fellow manufacturers, suppliers, and vendors within the state.

Interested In Being Matched with Current MEP National Network™ Scouting Opportunities?

Review the current scouting opportunities from around the country and Puerto Rico on our [website](#).

The Supplier Scouting Program by the MEP National Network™ provides practical solutions for U.S. manufacturers. This program aims to keep millions of dollars in supply chain production within the U.S. by linking your organization with appropriate domestic suppliers, even those that are unique or hard to find.
