

INTERNAL AUDIT TRAINING STANDARD SPECIFIC

➤ WORKSHOP DESCRIPTION:

Provides participants with a clear understanding of how to evaluate and verify a quality management system in practice to a specific standard. The training emphasizes a process-based and risk-driven approach, giving auditors the tools and confidence to assess effectiveness, identify gaps, and support continual improvement. This workshop is part three of three courses required to train internal auditors. Impact Washington offers training in ISO 9001, AS9100, and ISO 13485.

➤ WHAT PARTICIPANTS WILL GAIN:

This 8-hour workshop is designed for new auditors and current auditors seeking to improve their skills who already have a working knowledge of the benefits of Quality Systems and best practices in internal auditing in general. Each participant will receive a certificate of participation.

Classroom Training

Remote training

➤ TOPICS INCLUDE:

- ✓ Purpose and benefits of the standard
- ✓ Application of the Process Approach, Risk-based thinking and the PDCA cycle applied to the standard and the impact on auditing
- ✓ Clause by clause overview of the standard and requirements
